Flexible Membership

Our Flexible Membership is ideal for those who are expecting to play less but want to enjoy the benefits of membership.

There is a fixed top up amount of £295 which applies when joining and for further top ups. This balance is used to pay for golf at heavily discounted rates. These are shown in the table below.

Membership starts from the day you join and there is an 18 month expiry date on your balance, but the clock is reset each time you top up.

If a Flexible Member later wishes to become a Full Member, the remaining balance can be used in part-payment of the full membership subscription.

Flexible members wishing to maintain a handicap pay an additional annual fee (each April) of £43. They will then be part of the Members' Club which organises handicaps and competitions, and affiliated to England Golf and Berks, Bucks and Oxon Golf, our county association.

The Flexible Membership account balance can only be used to pay for green fees and cannot be transferred between members or used for other purchases (including payment for guests).

In order to benefit from the member discount, Flexible Members are required to maintain a balance on their Bar Card, with a minimum top up amount of £20. This separate balance is used for all other purchases. Members can monitor their balances and transactions online and using the mobile app.

* 25 - 30% discount on standard visitor fees.

** 18 hole twilight and 9 hole dusk start times change each month with the intention that a player having the first tee time in the period has a good chance of completing the prescribed number of holes.
