We adjust the price for part months. You can start at one level of membership and upgrade at any point in your membership year to

reflect changes in the way you want to play golf.

There are currently no joining fees.

See the back page for a full comparison of benefits between the different membership options

Flexible Membership

Our Flexible Membership is ideal for those who are expecting to play less but want to enjoy the main benefits of membership.

There is a fixed top up amount of £295 which applies when joining and for further top ups. This balance is used to pay for golf at special Flexible Membership rates. These are shown in the table below.

Membership starts from the day you join and there is an 18 month expiry date on your balance, but the clock is reset every time you top up.

Weekdays	£22	£18	£15	£14	£12	£9
Weekends	£26	£22	£18	£18	£14	£10

If a Flexible Member wishes to become a Full Member, the remaining balance can be used in part-payment of the full membership subscription.

Flexible members wishing to get and maintain a handicap pay an additional annual affiliation fee of £19.50 (reduction available if affiliated member of another club). They will then be affiliated to England Golf and Berks, Bucks and Oxon Golf, our county association.

The Flexible Membership account balance cannot be transferred between members or used for other purchases (including payment for guests).

In order to benefit from the member discount, Flexible Members are required to maintain a balance on their Bar Card, although there is no minimum amount. This separate balance is used for all other purchases and members can monitor their balances and transactions online and using a mobile app.

* Rates subject to change in line with standard visitor green fees

** 18 hole twilight and 9 hole dusk start times change each month with the intention that a player having the first tee time in the period has a good chance of completing the prescribed number of holes
