If a Flexible Member later wishes to become a Full Member, the remaining balance can be used in part-payment of the full membership subscription. Flexible members can choose whether or not to be affiliated. If they do, they become part of the Members' Club which organises handicaps and competitions, and also affiliated to England Golf the B,B&O counties golf association.

***The Flexible Membership account balance can only be used to pay for green fees of the person holding the membership.***

## Member Discounts

Using the member card, members enjoy 15% discount on food, drink, range balls. Members can monitor their balances and transactions online and on the mobile app. Members and guests have a significantly reduced price for hire of buggies, clubs and trolleys.

## Affiliation Fees

Full members and affiliated flexible members pay an additional fee of £45 of which £23 is for the Members' Club, £10 is for the county association and £12 is for England Golf.

Any fees that are already paid through membership of another club, or iGolf are excluded from this charge so nobody pays twice for any part of affiliation
